Improvements to Deepwater Subsea Measurement: a RPSEA Project, 2012

Results from the RPSEA Deepwater Measurement Project, The Americas Workshop, Houston, Texas, 26-28 April 2011

RPSEA Deepwater Measurement Project, The Americas Workshop, Houston, Texas, 27-29 April 2010

A Second Look at Uncertainty Based Allocation (UBA), Production and Upstream Flow Measurement Workshop, Houston, Texas, 12-14 February 2008 (with R.A. Webb)

Flare Metering with Optics - From Blue-Sky Technology to the Real World, 25th North Sea Flow Measurement Workshop, Gardermoen, Norway, October 2007 (with J. Parker, G. Stobie, and I. Melnyk)

A New Approach to MPFM Performance Assessment in Heavy Oil, 25th North Sea Flow Measurement Workshop, Gardermoen, Norway, October 2007 (with G. Stobie, and M. Basil)
Three Years of Experience of Wet Gas Allocation on Canyon Express, 23rd North Sea Flow Measurement Workshop, Tonsberg, Norway, October 2005 (with J.E. Hall and A. Singh).

Wet Gas Allocation on the Canyon Express Project, 21st North Sea Flow Measurement Workshop, Tonsberg, Norway, October 2003 (with with J.E. Hall, C. Cooley, and J.-P. Couput)

An Improved Controller for Field Gas Chromatographs, Saudi Aramco Custody Transfer Measurement Symposium, Dhahran, Saudi Arabia, April 1997 (with L. Fields)

An Oil/Water/Gas Composition Meter Based on Multiple Energy Gamma Ray Absorption (MEGRA) Measurement, 14th North Sea Flow Measurement Workshop, Peebles, Scotland, October 1996 (with A.M. Scheers)

The Framo Multiphase Flow Meter, Conexpro Arpel 1996, Rio de Janeiro, Brazil, October 1996 (with B.V. Hanssen)
